EPDs highlighted in yellow are in the top 25% for the breed.

Breed Averages: 10.0 1.8 67.8 100.6 5.2 21.6 28.3 0.01 -0.11 0.82 123.7 68.9

Key: HP = homozygous polled; P = polled; S = scurred; BB = homozygous black; Bb = heterozygous black

Docility scores: 1 = calm 2 = calm in the pasture or with a group but may become nervous when separated

Sale format: All cattle have a listed price. Prior to 1:00 pm on November 9, buyers will write their buyer number next to the tag # of any cattle they are interested in. At 1:00 pm, we will bid off any cattle that have two or more potential buyers listed. The bid off will only take place between the buyers that expressed interest and wrote their number down. Expressing interest in a particular lot is not an obligation to bid. If an animal only has one buyer number listed, then the buyer may purchase the animal at the base price. There will be phone bidding for those unable to attend. Sale order will be determined by the number of buyers listed by each animal. The animal with the most number of buyers listed will be first.

Footnotes

Tattoo	
E22	We used this bull on heifers for 2018 fall breeding and cows and heifers for 2019 spring breeding. We had a few of his calves born this fall and they are stylish and have a stout hip in them.
F17	ET bull with good weaning and yearling EPDs
F18	Calving ease genetics from one of our best red cows. Largest REA scan at 15.77" with marbling
F21	A double digit calving ease bull with plenty of growth. Excellent choice to use on British-breed cows and make SimAngus or SimRed Angus calves.
F29	Extremely high calving ease and low birth weight bull. Super deep sided with muscle.
F31	Homo black and homo polled. Offers plenty of growth, bone, and muscle
F34	Stylish bull that can put some white faces on his calves. Homo black and homo polled. Large REA at over 14"
F36	Deep sided with a whopping 16.4" ribeye. Offers extra milk. Use to add some growth and muscle to calves.
F42	Balanced bull that is homo black and homo polled
F47	A maternal oriented bull primarily for calving ease and milk. Homo black and homo polled
F50	Performed nicely with good weaning and yearling weights. He may be the youngest one, but he is good. Checks all the boxes, calving ease with growth and large REA scan
G6	Selling choice of G6 or G9
G7	
G9	Selling choice of G6 or G9
